                    ARPA NETWORK MAILING LISTS

ABSTRACT

   The following are three lists to be used for distribution of Network
   documents. List A should be used by sites when they distribute their
   own documents, to get RFC's to Liaisons as quickly as possible. All
   but local mail should be sent Air Mail. Lists B and C will be used
   by NIC in making distribution of copies to non-site Network
   Participants and to Station Agents.

   For phone numbers and lists of names by sites see the Current
   Directory of Network Participants.

A. INITIAL DISTRIBUTION LIST

   Note: This list includes all Network Liaisons and others who should
   receive initial distribution of RFC's, whether sent from NIC or from
   sites. They will also receive selected catalogs and other formal
   documents from NIC.
